## ACCESSIBILITY POLICY

---

### Introduction

The Royal Ballet School acknowledges its responsibilities under the Special Education Needs and Disability Act 2001 (SENDA) and the Equalities Act 2010, and seeks to offer reasonable access to the School for any students, members of staff, Governors, volunteers or visitors with any form of disability.

The School's SEND policy indicates how the School aims to provide equal access to the curriculum for students, especially those with Special Educational Needs or who are 'Gifted and Talented'.

The Royal Ballet School admits students for their excellence or potential for excellence in classical ballet. It therefore operates a "permitted form of selection". This exception to the usual anti-discrimination rules is found in Schedule 11, Part 3, Paragraph 8 of the Equality Act 2010:

Disability discrimination: Permitted form of selection

(1) A person does not contravene section 85(1), so far as relating to disability, only by applying a permitted form of selection.

(2) In relation to England and Wales, a permitted form of selection is -

(c) in the case of an independent educational institution, arrangements which provide for some, or all of its pupils, to be selected by reference to general or a special ability or aptitude, with a view to admitting only pupils of high ability or aptitude.

This Disability Access Plan therefore aims to show how the School seeks to give access to any disabled members of staff, Governors, volunteers or visitors and to students disabled by illness or injury. The current plan runs from 1<sup>st</sup> September 2019 to 31<sup>st</sup> March 2022.

## Definition of Disability

The following documents have informed the School's understanding of disability.

- a) Introduction to: "Schools and the Disability Equality Duty in England and Wales, Guidance for Governors, Head teachers, teaching and support staff working in schools in England and Wales." <http://www.dotheduty.org/files/Primaryandsecondaryeducation.doc>
- b) "Accessible Schools: Summary Guidance" [http://www.teachernet.gov.uk/doc/2215/Accessible\\_Schools.pdf](http://www.teachernet.gov.uk/doc/2215/Accessible_Schools.pdf)
- c) Office for Disability Issues [www.odi.gov.uk/](http://www.odi.gov.uk/)
- d) Equality and Human Rights Commission <http://www.equalityhumanrights.com/en/Pages/default.aspx>

The guidance documents referred to above state that: "Reference to 'disabled people' includes disabled children, young people and adults, as pupils, employees, governors, parents and carers and other members of the wider community that might use school premises for leisure or other activities. The definition of disability covers a broad spectrum of impairments including: cancer; diabetes; epilepsy; HIV; multiple sclerosis; hearing or sight impairments; mobility difficulties; people with mental health conditions or learning difficulties/disabilities."

## Review

The School carries out an access audit to identify potential barriers to access in all areas of School life together with recommended improvements, including:

- The physical environment
- The provision of auxiliary aids and services
- Teaching and learning strategies
- The curriculum
- Staff training
- The culture and ethics of the School
- The provision of written information.

The School aims to:

- Review and improve the School's arrangements for accessible information
- Use the routine refurbishment and maintenance/equipment budgets to improve the physical environment of the School
- Allocate adequate resources to accessibility
- Keep the accessibility plan under review and revise it as necessary in the business planning cycle
- Welcome accessible complaints whereby disabled people can make improvement suggestions and request assistance.

### **White Lodge**

In some areas of White Lodge, access is complicated by the layout of the historic buildings. However, major improvements were made in 2016 with the construction of easily accessible new disabled and general toilet facilities just off the main reception area. Disabled access is catered for in the Margot Fonteyn Theatre area with a lift and disabled toilet facility.

In 2017 major work was undertaken on the car park improving the surface and adding dedicated disabled parking bays.

In 2019 the School installed a motorised door to one of the office areas. This allowed for improved access for a disabled member of staff. The School also purchased (with the aid of a Disabled Funding Grant) new IT and office equipment for the member of staff

### **Upper School**

Once inside Upper School access is good, with the lift serving all floors and provision of two disabled toilet facilities. Specifying emergency procedures is vital.

### **Aud Jebsen Hall and Jebsen House**

The new 1<sup>st</sup> and 2<sup>nd</sup> Year Upper School student accommodation at Pimlico has been built to meet DDA standards within the constraints allowed for a Grade 2 Listed Building. There is a lift to all floors, safe fire refuges for disabled users and a disabled toilet on the Ground floor for injured students or visitors to the

house. Improvement to access to Jebson House (the 3<sup>rd</sup> Year student accommodation) is also constrained by its Grade 2 Listed Building status and the fact that it is a leased building not under the School's direct control.

### **Action Plan 1<sup>st</sup> September 2023 to 31<sup>st</sup> August 2026**

Attached below.
