As a rough guide, the recorded number gives a measure of how well the students have done, on average, against what their ability suggested that they might achieve against students of similar ability nationally. For example, a positive result of 0.5 suggests that, overall, the students scored, on average, 0.5 grades higher in each subject than students of similar ability, nationally.

In 2025 and 2026, the VA measure placed the school in the top 1% of schools nationally (Source: Fischer Family Trust)

^ Results in 2020 and 2021 were affected by COVID-19. Centre Assessed Grades (2020) and Teacher Assessed Grades (2021) were used.
